

M370

THE FIRST STEP IN YOUR SEWING & EMBROIDERY JOURNEY

Sew Fun and Sew Portable

•Optimizing Embroidery

With over 135 built-in embroidery designs and 11 embroidery fonts, the Innov-is M370 can easily jump-start your embroidery journey. Additional embroidery designs include colourful motif patterns, youthful appliqués, and alphabet and frame patterns as well.

•Design Database Transfer

When connected to a wireless network (wireless LAN-enabled), the Innov-is M370 lets you send embroidery designs from your PC to your machine via Design Database Transfer¹ (no USB required), so you can send and then stitch! This free downloadable software allows for easy data management for all your designs. You can also create and send designs through PE-DESIGN 11² for added flexibility.

•Artspira

Innov-is M370 is compatible with the Artspira app, enabling the easy creation and transfer of embroidery designs from your mobile device (iOS or Android) via WIFI.

•Generous Workspace

With the 82mm x 45mm LCD color display screen, a 100 x 100mm (4" x 4") maximum embroidery area, and 160 x 105mm (6.4" x 4.0") work area, you'll have plenty of room for your next project.

•My Custom Stitch

Create and save unique stitches for even more personalization.

•Savvy Sewing

181 built-in sewing stitches, including 10 styles of one step auto-size buttonholes, and the advanced needle threading system for all your sewing needs.

•Included Accessories

Hard case, a foot controller, and a selection of feet that includes a Zigzag Foot, a Monogramming Foot, an Overcasting Foot, and more.
