

COMBINATION SEWING & EMBROIDERY

Premium Features to Help Upgrade Your Sewing and Embroidery Skills

- **Built-in Embroidery Designs, Frame Pattern Combinations, and Lettering Fonts**
258 built-in embroidery designs, 140 frame pattern combinations, and 13 lettering fonts for your embroidery side.
- **Built-in Stitches, Buttonhole Styles, and Fonts**
291 built-in stitches, 10 styles of one-step auto-size buttonholes, and 5 sewing lettering fonts for your sewing side.
- **Large Work Area**
A maximum embroidery field of 6" x 10" (160mm x 260mm) can accommodate large projects, and the sizeable 8.3" (210mm) from needle to arm gives you more room to easily maneuver fabric. Plus, the compact faceplate provides better visibility for changing needles
- **Colour Display**
A brilliant and sharp 4.9" (125mm) colour LCD touch screen display welcomes you with an easy user interface. Here, you can do on-screen editing, including letter editing, enhanced zoom, resizing, rotating, repositioning, drag and drop, and combining designs.
- **Wireless Capability**
Send designs wirelessly from your PC* to your machine when connected to a wireless network, using Design Database Transfer. (No USB needed.)
- **Automatic Height Adjuster (AHA)**
Keep a steady stitch length on all fabric thicknesses by keeping the presser foot pressure consistent, leading to uniform stitch quality across uneven surfaces.
- **My Custom Stitch**
This enhanced feature allows you to combine and edit custom and built-in stitches for a truly customized approach.
- **Up to 850 Stitches Per Minute**
Efficient and fast, embroider and sew designs at up to 850 stitches per minute so that you can create more in less time.
- **Long List of Included Accessories**
From a Zigzag Foot and Free-Motion Open Toe Quilting Foot to a soft cover and reference guide, you can start creating right out of the box.

*Design Database Transfer is compatible with Windows.
